## "lighting your imagination"

Nothing is quite like a Firework Display! We never lose that wonder & excitement that is nurtured during childhood. The black sky as a backcloth, the multi-coloured rockets soar & burst. The oohs! & aahs! from the audience & the sheer luxury of it all.

Professionally planned & fired -  
choose from the following displays:

<b>Mars</b>	5 minutes - intense	£595
<b>Vulcan</b>	7 minutes - even bigger	£795
<b>Thor</b>	blockbuster	£1,000
<b>Valhalla</b>	just awesome	£1,500
<b>Krakatoa</b>	the volcanic one	£2,000
<b>Armageddon</b>	the ultimate	£3,000

All displays are carried out by our trained staff to the highest safety standards. Attention to detail is our watch word!

Because some venues & areas need to be extra cautious of excessive noise, we have developed a **SOUND SENSITIVE** range of shows, which avoid very loud percussive effects, but still maintain the colour & excitement you would expect from one of our professional displays.

This special presentation, which includes spectacular, low noise pyrotechnics, is available on Vulcan, Thor & Valhalla displays only.
